I want to make it known that we oppose the Underground Utilities. We have been inundated with paperwork for this project.

I sent a letter more than a year ago changing our votes to "no".

I feel that this project if passed will put a burden on many residents who at this point in their lives should not have to deal with the stress of having to make payments on a project that is not necessary.

The economy has really made me oppose the "underground Utilities". Is anyone sure of their monetary future in this economy.....

Sincerely,

Donald & Roberta Anderson
